2. I have first-hand knowledge regarding the uncooperativeness/unavailability of the inventor Dr. Patrick M. Curry regarding execution of the declaration and assignment for the subject patent application (USSN 10/588,571).
3. At the time of the invention for the subject patent application, Dr. Curry was an employee of QLT, Inc. and one of its co-inventors.
4. As a condition of Dr. Curry's employment, all inventions created during his employment were to be assigned to QLT, Inc.
5. Dr. Curry is no longer an employee of QLT, Inc.

8. According to our records, on September 14, 2007, Cherie Davis sent a copy of the international phase of the subject application along with the Declaration and Assignment to Dr. Curry at his last known address. A copy of the letter, Declaration, Assignment and confirmation of receipt is attached as Exhibit A.
9. On October 3, 2007, I offered to make the necessary arrangements to have someone come to Dr. Curry to complete the notarizations and retrieve the signed documents. A copy of this email is attached as Exhibit B.
10. On October 11, 2007, I offered to accept a faxed copy of his signature waiving any need to have a notary present. A copy of this email is attached as Exhibit C.
11. On October 22, 2007, I sent a reminder to Dr. Curry that we still required his signature. A copy of this email is attached as Exhibit D.
12. On November 7, 2007, I sent another reminder to Dr. Curry to request his signature. A copy of that email along with a confirmation of its receipt is attached as Exhibit E.
13. On December 4, 2007, I once again emailed Dr. Curry to request his signature. A copy of that correspondence along with confirmation of receipt is attached as Exhibit F.
14. To date, Dr. Curry has not returned a signed copy of the declaration or assignment both of which have been signed by all the other inventors.

I declare that all statements made herein of my own knowledge are true and that all statements made on information and believe are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like so made are

punishable by fine or imprisonment, or both, under § 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
